

MOUNT CARMEL COLLEGE

KARUKADOM P.O., KERALA 686691

(Affiliated to Mahatma Gandhi University, Kottayam)

INTERNAL QUALITY ASSURANCE CELL MOUNT CARMEL COLLEGE, KARUKADOM INSTITUTION DEVELOPMENT PLAN-2025

1. Open Auditorium

To facilitate cultural programs and public gatherings, the 'C' shaped central portion of the Academic block can be made an open auditorium with overhead roofing.

2. Gandhi Peace Park

To inculcate national and patriotic values among students, a Gandhi Peace Park can be created at the entrance of the college campus, with Mahatma Gandhi's statue in the middle.

3. Recording Studio

The college has an established practice of broadcasting informative and entertaining programmes over the Public Address System. In this regard it is better if we could arrange a Recording Studio.

4. Gymnasium

To facilitate physical fitness activities of the staff and students, a gymnasium can be set up.

5. Yoga Centre

To practice Yoga, a facility can be arranged.

6. Conference Hall

A state of the art conference hall can be made, to host high quality seminars and conferences.

7. Language Lab

To improve the communicative skills of the students, an English Language Lab can be arranged.

8. Widening of the Play Ground

At present, the play ground is too small. It is better, if it is widened.

9. Computer Centre

At present, there is only one computer lab in the College. It is better, if we could have one more Computer Centre.

10. Foreign Language Institute

As there is an increasing tendency of students going out of the country, there is great scope for starting a Foreign Language Institute on the Campus.

11. Management Institute

There can be a standalone Institute for Management Studies, focusing on the important aspects of management like Business Management and Human Resource Management.

12. Skill Enhancement Courses

With the implementation of NEP 2020, higher education is supposed to be blended with capacity building. Therefore, there is great scope for starting skill development courses like electronic equipment maintenance, jewelers making etc.

13. Up gradation of Canteen Facilities

The existing canteen facilities need to be upgraded with a new look and facilities.

14. Organic Farm

To link the students with the essence of nature, an organic farm needs to be developed on the campus.

15. Commerce Lab

To acquaint the commerce students with the latest trends in stock marketing, currency exchange and tax regimes, a Commerce Lab can be setup with a minimum of 05 computers and internet connectivity.

16. Guest Rooms

It is ideal to have at least two guest rooms to extend maximum hospitality to our guests.

17. Business Mentation Centre

To promote the entrepreneurial skills of the students, it is necessary that a Business Mentation Centre is installed in the college to promote the innovative talents of the students.

18. Boys Hostel

The admission process is, in front, handicapped by the absence of the Boys Hostel. If a Boys Hostel is arranged, definitely, we can attract more number of students.

19. Conclusion

The ultimate purpose of this prospective plan is to sustain and enhance the level of quality in the delivery of educational services of the institution. Indirectly, such initiatives will result in the accreditation of the institution at a high grade.
